

S 5000
CaddiXX

The difference lies in the details!

Height adjustable charger shelf

Provides for optimum locker usage and easier access of the charger. A good example of the adaptability of the Caddix range.

Room orientation with pictograms

Because orientation is more than just a detail

Self-adhesive numbers

Wherever more conspicuous locker numbering is required

Cylinder lock

with 2 keys, lockable with main key as standard fitting

Door reinforcement

Warp resistant and absolutely sturdy thanks to welded profiles

Shoe holder

Expands the use of the locker and keeps the interior tidy

Storage box in the door

Easy to hook into place. Finally a separate box for accessories!

Wheel support

Suitable for fixing the position of the electric golf caddy (e.g. to avoid retrofitting). Available in two different models (high and low)

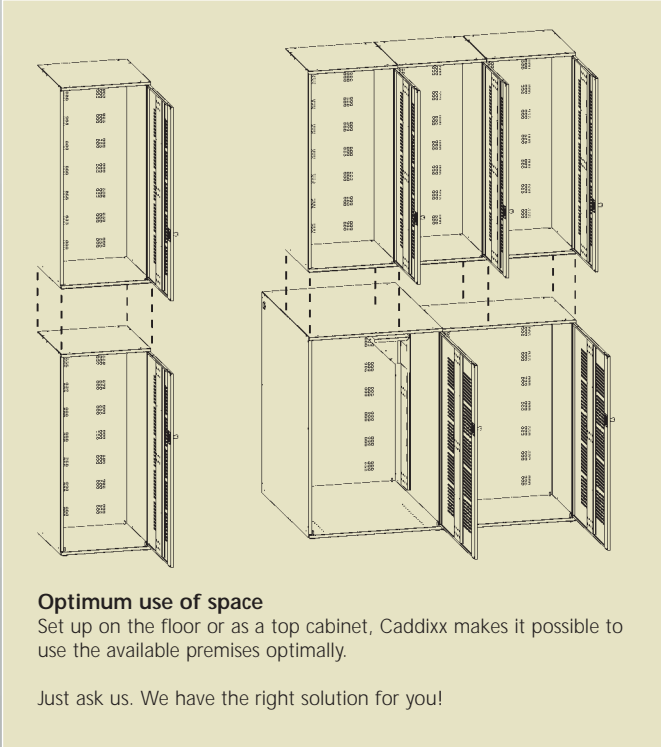

Unrivalled...

... because your club's reputation does not end outside the golf caddie locker room!

And golf caddie locker rental can be extremely lucrative for you – if you opt for the right one! The advantages of furnishing your facility with golf caddie lockers are obvious:

- Easy cleaning of the golf caddie locker room
- Golf caddie locker room as a profit center
- Anti-theft protection and safe storage of the golf caddies

With the Caddix range C+P offers practical and smart solutions with functional details. Whether warp resistant doors, height leveling, completely galvanized finishing or interior fittings are concerned: Caddix is your best choice for added quality, durability and convenience! This brochure provides you with an initial overview. Also of all the other services we can provide to you.

Individual golf caddie locker

For storing one pull golf caddy.
For set up on the floor or as a top cabinet. With doors hinged right or left depending on setup.

Family golf caddie locker

For storing up to two pull golf caddies.
For set up on the floor or as a top cabinet. With doors hinged right or left depending on setup.

Electric golf caddie locker

For storing one electric golf caddy.
With height adjustable charger shelf and opening for the supply line.
When the electric golf caddy is adjusted, only the battery and charger have to be connected to be prepared for the next tee off.
With doors hinged right or left depending on setup.

ID-Collection

Furniture pieces or business furniture? The ID-Collection offers both! As an "upgrade" and as high quality odd piece. Or as integrated furnishing from A to Z which gives your club a distinctive look. For example:

- **For your bistro**
Bistro tables, coffee bar, mobile catering modules ...
- **For reception areas and lobbies**
Display cases, planters, hall trees ...

Ask for the 116-page illustrated book featuring our ID-Collection and get inspired!

Office and filing furnishings

Our office furniture covers the entire range of industrial furnishing: from desks to pedestal cabinets to cabinet solutions for storage and filing.

A good example of a clever office solution: Workflow®, the new standing/seated workplace system. Workflow® combines a computer workstation, a stand-up desk and a meeting corner into one workplace and is the definition of efficient teamwork.

Another highlight:
The C+P partition systems for many different requirements.

Furnishing competence

C+P offers much more than the excellent Caddixx locker range! Therefore you ought to find out more about the complete range of our furnishing competence.

Storeroom and workshop furnishings

From workbenches for janitors to heavy duty drawer cabinets for special requirements. Our storeroom and workshop furnishings provide for professional order and safety.

Locker room furniture and coat racks

Lockers are boring and unattractive? Not in our range! We set new standards with *S 3000 Evolo*. And impressive looks are ensured by the optional decor fronts.

We are always on the leading edge with innovative ideas such as the self ventilation concept or the "floating" base frame for locker systems.

Ask us – we will be glad to advise you.
